*for a safe and quality*  
*BARF diet*

*Back to Roots*

A RETURN TO ROOTS, HARMONY WITH NATURE, AND RESPECT FOR DOGS AS MEAT EATERS WHOSE DIGESTIVE TRACT HAS CHANGED VERY LITTLE OVER THOUSANDS OF YEARS OF EVOLUTION. WOLVES LIVED ON HUNTED PREY AND ENRICHED THEIR DIETS WITH GRASS, HERBS, AND FRUITS.

YOU'VE CHOSEN THE PATH OF THE BARF DIET IN THE FIRM BELIEF THAT IT IS THE BEST. THE FOOD YOU PREPARE FOR YOUR CANINE BUDDY EACH DAY IS MADE WITH LOVE AND IS ALWAYS FRESH, VARIED, AND CREATIVE. WE'RE AS ENTHUSIASTIC ABOUT THE BENEFITS OF THE BARF DIET AS YOU ARE, AND WE SHARE YOUR CONVICTION THAT THE FOOD YOUR FURRY FRIEND EATS MUST BE HEALTHY, BALANCED, AND SAFE.

AND IT SHOULD ALSO KEEP YOUR DOG IN THE BEST POSSIBLE CONDITION FOR LIFE. WE'D LIKE TO INTRODUCE YOU TO **CANVIT BARF**, A COMPLEX RANGE OF 100% NATURAL SUPPLEMENTS FORMULATED SPECIFICALLY FOR DOGS FED ON NATURAL RAW DIETS.

*Back to Roots*

## WHEN TO GO B.A.R.F.

### 1. LIFESTYLE

- HOLISTIC LIFESTYLE  
"BACK TO THE ROOTS"
- PREFERENCE  
OF NATURAL FOOD FEEDING
- PEOPLE WHO WANT TO KNOW  
WHAT THEY'RE FEEDING  
THEIR DOGS

### 2. HEALTH DISORDERS

- GASTROINTESTINAL DISORDERS
- DERMATOLOGICAL DISORDERS
- POOR QUALITY OF SKIN,  
COAT, OR CLAWS
- FOOD ALLERGY AND INTOLERANCE
- TARTAR PREVENTION

## CANVIT BARF TYPICAL BARF DIET:

DOGS FED ON BARF DIETS NEED APPROXIMATELY 2-4%  
OF THEIR IDEAL BODY WEIGHT IN FOOD EACH DAY  
(TOTAL DIET OF MEAT AND VEGETABLES/GRAINS)  
- 20-40 G/KG OF BODY WEIGHT

A DOG OF 10 KG REQUIRES 200-400 GRAMS OF BARF FOOD:  
70% MEAT, OFFAL, BONES (60% MEAT, 10% OFFAL)  
25% VEGETABLE (10 G OF FRESH VEGETABLE  
- 1 G OF DRIED VEGETABLE)  
5% FRUIT (10 G OF FRESH FRUIT - 1 G OF DRIED FRUIT)

### RECOMMENDED SUPPLEMENTS:

- DAILY: BREWER'S YEAST
- 3-4X PER WEEK: MINERAL BALANCER
- 2-3X PER WEEK: OILS

FUNCTIONAL SUPPLEMENTS FOR SPECIAL NEEDS.

## SUPPLEMENTAL INGREDIENTS 30% OF DAILY FOOD INTAKE

SUPPLEMENTAL INGREDIENTS ARE CRUCIAL TO A BALANCED BARF DIET AND SHOULD COMPRISE ROUGHLY 30% OF EVERY SERVING.

**FRUITS, VEGETABLES, HERBS – ESSENTIAL FIBRE**

FRUITS, VEGETABLES, AND HERBS PLAY AN IMPORTANT ROLE IN THE BARF DIET. THEY PROVIDE NECESSARY VITAMINS, MINERALS, AND TRACE ELEMENTS AS WELL AS FIBRE, WHICH IS CRITICAL TO HEALTHY DIGESTION AND DEMONSTRABLY IMPROVES DIGESTIVE TRACT FUNCTION. TO ENSURE VEGETABLES AND FRUITS ARE EASILY DIGESTIBLE FOR DOGS, THEY SHOULD BE SERVED IN MECHANICALLY PROCESSED FORM. THE CANVIT BARF SUPPLEMENTS ARE CAREFULLY DRIED AND GROUND TO PRESERVE THEIR NATURAL NUTRITIONAL PROPERTIES. A BENEFIT OF THE CANVIT BARF PRODUCTS IS THEIR EXCELLENT DIGESTIBILITY AND NUTRIENT USABILITY COMPARED TO VEGETABLES AND FRUITS SERVED RAW.

*Back to Roots*

## DAILY SUPPLEMENT

### Canvit BARF VEGGIE

Canvit Veggie provides important vitamins and minerals and is an excellent source of fibre, which is essential to healthy digestion. It contains spinach, parsnip, parsley, celery, beetroot, and carrot carefully freeze dried and ground to preserve their nutritional properties, improve nutrient absorption, and limit picky eating.

*COMPOSITION:* spinach 30%, parsnip 5%, parsley 15%, celery 5%, beetroot 20%, carrot 25%

*PACKAGING:* 800 g

*Dose for 10 kg dog:*  
5-10 g = ½ - 1 teaspoon daily

### Canvit BARF FRUIT MIX

Canvit Fruit Mix provides important vitamins and minerals and is an excellent source of fibre, which is essential to healthy digestion. Canvit Fruit Mix contains apple, linseed, blueberries, raspberries, currants, chokeberries, kelp, and a blend of herbs (dandelions, nasturtium, and nettles) carefully freeze dried and ground to preserve their nutritional properties.

*COMPOSITION:* dried apple (45%), linseed (25%), blueberries (2%), raspberries (2%), edible currant mix (2%), chokeberries (2%), kelp (5%), herbal mix (dandelions, nasturtium, and nettles) 17%

*PACKAGING:* 800 g

*Dose for 10 kg dog:*  
5 g = ½ teaspoon daily

# DAILY SUPPLEMENT

Canvit BARF  
**EXTRUDO  
ALFAALFA**

Complete supplemental kibbles for dogs fed on BARF diets. Canvit BARF Extrudo Alfaalfa is a full source of fibre, amino acids, omega 3 & 6, vitamins, and minerals from alfalfa, dried apples, yellow peas, brewer's yeast, coconut oil, dried dandelions, dried nettles, linseed oil, milk thistle, and yucca. It is an ideal BARF supplement for busy times and travel.

*COMPOSITION: alfalfa, dried apples, and peas as natural sources of fibre, brewer's yeast, coconut oil, dried dandelions (2.5%), dried nettles (2%), linseed oil (2%), milk thistle (0.5%), Mojave yucca (0.1%)*

**PACKAGING: 2 kg**

**Dose for 10 kg dog:**  
5-7 g daily

Canvit BARF  
**HEMP FIBRE**

A natural source of fibre from hemp seeds. Hemp fibre is rich in easily digestible proteins, omega-3 and omega-6 essential fatty acids, vitamins A, D, and E, and cannabidiols. A source of fibre for dogs with dermatological disorders or dogs who refuse raw food.

*COMPOSITION: 100% hems seeds*

**PACKAGING: 800 g**

**Dose for 10 kg dog:**  
5-10 g = 1-2 teaspoon daily

Canvit BARF  
**BREWER'S YEAST**

A natural source of B vitamins, highly digestible protein, and essential amino acids. Brewer's yeast has a positive effect on digestion, the composition of intestinal microflora, and the quality of skin and coat, and it also acts as a natural antiparasitic. Brewer's yeast is suitable for puppies and adult dogs, pregnant and nursing females, dogs in convalescence, and those with increased energy demands.

*COMPOSITION: dried brewer's yeast 100% (Saccharomyces cerevisiae)*

**PACKAGING: 200 g, 800 g**

**Dose for 10 kg dog:**  
2-4 g = ½-1 teaspoon daily

# FUNCTIONAL NATURAL SUPPLEMENTS

BARF DIETS ARE ABOUT VARIETY, AND AN IMPORTANT ADVANTAGE IS THAT YOU CONTROL WHAT GOES INTO YOUR DOG'S BOWL AND WHEN. THAT'S WHY CANVIT BARF OFFERS AN ENTIRE LINE OF FUNCTIONAL SUPPLEMENTS TO MEET SPECIFIC NEEDS SUCH AS CALCIUM AND PHOSPHORUS IMBALANCES, WHICH CAN OCCUR WITH BARF DIETS, INCREASED COAT CARE, TARTAR PREVENTION, MUSCULOSKELETAL PROBLEMS, AND DETOXIFICATION.

*Back to Roots*

## FUNCTIONAL SUPPLEMENTS

### Canvit BARF MINERAL BALANCER

A source of calcium, microelements, and vitamins from natural ingredients (dried eggshells, kelp - *Ascophyllum nodosum* - chlorella, and brewer's yeast). An important source of calcium for puppies and young dogs fed on BARF diets.

*COMPOSITION:* dried eggshells, kelp (*Ascophyllum nodosum*), brewer's yeast, chlorella, *Yucca schidigera*.

*PACKAGING:* 260 g

🍴 *Dose for 10 kg dog:*  
¼ spoon daily

*\* We recommend daily use for puppies and young dogs as well as for pregnant and nursing females.*

### Canvit BARF KELP

Kelp (*Ascophyllum nodosum*) is a natural source of important minerals such as iodine, calcium, phosphorus, magnesium, potassium, iron, vitamins B, C, D E, and K, and essential amino acids and enzymes. Kelp supports thyroid function and improves the condition and quality of hair and coat. It is a source of enzymes with a powerful ability to protect teeth from plaque and tartar build up. The daily dose of kelp with brewer's yeast provides all necessary daily minerals and vitamins.

*COMPOSITION:* kelp extract (*Ascophyllum nodosum*) 100%

*PACKAGING:* 180 g

🍴 *Dose for 10 kg dog:*  
¼ teaspoon daily

**Canvit BARF  
GREEN LIPPED  
MUSSELS**

New Zealand green-lipped mussels are rich in natural glucosamine and chondroitin with high bioavailability. Natural joint nutrition for cartilage regeneration and supplemental treatment of osteoarthritis. They support healthy joint development in puppies and young dogs, prevent osteoarthritis in active and large dogs, and facilitate treatment of osteoarthritis in ageing dogs with mobility problems.

*COMPOSITION: green-lipped mussels (Perna canaliculus) extract 100%*  
**PACKAGING: 180 g**

**Dose for 10 kg dog:**  
¼ teaspoon daily

**Canvit BARF  
SPIRULINA**

A natural source of highly digestible protein (70%), essential amino acids, beta-Carotene, vitamins B, D, E and K, and minerals. Spirulina is known as a superfood and has a positive effect on vitality and immunity. An energizer for support of vitality in active dogs, convalescence, and following increased physical activity, illness, or period of stress.

*COMPOSITION: 100% Spirulina platensis*  
**PACKAGING: 180 g**

**Dose for 10 kg dog:**  
¼ teaspoon daily

**Canvit BARF  
COLLAGEN  
& ROSEHIP**

Hydrolyzed collagen & dried rosehip (vitamin C) to support collagen synthesis and strengthen and regenerate the joints, ligaments, and tendons. Support for healthy development of joints, cartilage, and ligaments in growing young dogs.

*COMPOSITION: collagen hydrolysate (95% usable hydrolyzed collagen), dried rosehips*

**PACKAGING: 160 g, 800 g**

**Dose for 10 kg dog:**  
½ teaspoon daily

**Canvit BARF  
ALOE VERA  
GEL EXTRACT**

Aloe Vera leaves contain a gel rich in vitamins A, C, E, and B, powerful antioxidants, amino acids, polysaccharides, minerals, fatty acids, and other nutrients. Suitable for support of immunity, metabolism, detoxification, and wound healing. Immunity support for dogs during illness or convalescence.

*COMPOSITION: Aloe Vera 100:1*

**PACKAGING: 40 g**

**Dose for 10 kg dog:**  
one pinch daily

**Canvit BARF  
YUCCA  
SCHIDIGERA**

A natural source of saponins, enzymes, antioxidants, and vitamins that support metabolism. Yucca can be used to treat disorders of the digestive system and improve food intake, liver and kidney function, and overall detoxification. It has a positive effect on digestion, and when used regularly it reduces stool odour. Yucca also reduces inflammation and pain associated with osteoarthritis.

*COMPOSITION: Yucca Schidigera extract 100%*

**PACKAGING: 160 g**

**Dose for 10 kg dog:**  
¼ teaspoon daily

**Canvit BARF  
SYLIBUM  
MARIANUM**

Seeds of the milk thistle (Silybum marianum) are a natural source of silymarin, a biologically active substance that is highly effective in protecting liver cells (hepatoprotection). They improve liver function, support the formation and regeneration of liver cells, protect new liver cells, and reduce inflammation. Nutritional support for hepatic disorders, prevention following poisoning, and detoxification.

*COMPOSITION: milk thistle (Silybum marianum)*

**PACKAGING: 160 g**

**Dose for 10 kg dog:**  
2 - 3 g = 1 teaspoon 2x a day

## OILS

OILS ARE ANOTHER IMPORTANT COMPONENT OF LONG-TERM BALANCED DIETS BASED ON RAW FOOD. THEY ARE NATURAL SOURCES OF ESSENTIAL UNSATURATED FATTY ACIDS AND OMEGA-3 (DHA, EPA) AND ARE RICH IN VITAMINS A AND D. THEY HAVE A POSITIVE EFFECT ON THE CARDIOVASCULAR SYSTEM, SUPPORT NERVOUS SYSTEM FUNCTION, PROVIDE ENERGY FOR DOGS WITH INCREASED ACTIVITY LEVELS, AND THEY ALSO IMPROVE THE CONDITION AND QUALITY OF THE SKIN AND COAT. **CANVIT BARF** VEGETABLE OILS ARE COLD PRESSED IN FOOD-GRADE QUALITY, ARE 100% NATURAL, AND CONTAIN NO PRESERVATIVES.

*Back to Roots*

## FUNCTIONAL OILS

Canvit BARF  
**SALMON OIL**

Cold-pressed Norwegian salmon oil is a rich source of omega-3 fatty acids (DHA, EPA) with an anti-inflammatory effect. Salmon oil supports skin health and coat quality and suppresses inflammation during osteoarthritis.

COMPOSITION: 100% salmon oil (15% omega fatty acids)

PACKAGING: 500 ml

🍴 Dose for 10 kg dog:  
5 ml daily

Canvit BARF  
**COD LIVER OIL**

Cold-pressed cod liver oil is a rich source of omega-3 fatty acids (DHA, EPA) and vitamins A and D with anti-inflammatory effects. Canvit Cod Liver Oil has beneficial effects on skin health and supports development and growth of bones and teeth in puppies and pregnant and lactating females.

COMPOSITION: 100% cod oil

PACKAGING: 500 ml

🍴 Dose for 10 kg dog:  
5 ml daily

### Canvit BARF HEMP OIL

Cold-pressed hemp seed oil is a rich source of omega-3 and omega-6, vitamin E, and cannabinoids with beneficial effects on skin metabolism. Canvit Hemp Oil is ideal for supportive treatment of various skin disorders.

*COMPOSITION: 100% hemp oil*

*PACKAGING: 500 ml*

*🥄 Dose for 10 kg dog:  
5 ml daily*

### Canvit BARF LINSEED OIL

Cold-pressed linseed oil is a rich source of omega-3 and omega-6 fatty acids in a ratio of 3:1. It supports skin health, coat quality, and has a positive effect on digestion. Linseed oil is a suitable alternative for dogs who refuse to eat fish oil.

*COMPOSITION: 51% linolenic acid, 18% linoleic acid, 21% oleic acid, 4% stearic acid, 5% palmitic acid, up to 1% of other fatty acids.*

*PACKAGING: 500 ml*

*🥄 Dose for 10 kg dog:  
5 ml daily*

### Canvit BARF COCONUT OIL

Cold-pressed coconut oil is an excellent source of energy for dogs. It has a high amount of ketogenic medium-chain triglycerides (MCTs), which don't convert into body fat and are utilized as direct energetic substances for muscle and brain metabolism. Nutritional support for active and sporting dogs, improvement of body condition, improved cognitive function in ageing dogs.

*COMPOSITION: 100% coconut oil*

*PACKAGING: 500 ml*

*🥄 Dose for 10 kg dog:  
½ teaspoon daily*

### Canvit BARF EVENING PRIMROSE

Cold-pressed Evening Primrose Oil is a rich source of GLA omega-6 PUFA with anti-inflammatory and antiallergenic effects on skin and coat. It is ideal for supportive treatment of atopy and allergic skin conditions.

*COMPOSITION: evening primrose oil 100%*

*PACKAGING: 100 ml*

*🥄 Dose for 10 kg dog:  
5 ml daily*
